REFERENCES: DCI Directive 3/1 dated 8 July 1948
CIA Memorandum dated 14 October 1948

1. Situation Reports on the countries listed below are scheduled for production by the EE/USSR Branch of this agency:

| | |
|-------|------------------------------------|
| SR-12 | RUMANIA - Published |
| SR-42 | POLAND - already received |
| SR-40 | YUGOSLAVIA - not yet requested |
| SR-24 | CZECHOSLOVAKIA - agreed at current |
| SR-22 | BULGARIA - not yet requested |
| SR-29 | HUNGARY |
| SR-44 | FINLAND |

2. Situation Report on Rumania (SR-12) has been completed in rough draft form and is now being circulated for inter-departmental coordination. Information prepared by ID, GSUSA, for Section IV (Military Summary) of this report was excellent and was of material assistance in production.

3. Since the Military Summary for the remainder of the studies is similar in scope to that included in the Rumanian report, it is requested that assistance be provided for the preparation of these sections. Should such assistance be extended, it is recommended that informal liaison be established on a working level.
